Dear Mazda Dealer Partners,

Mazda Motor Corporation has decided to conduct a Safety Recall impacting MY2006-2007 Mazdaspeed6 and MY2009-2011 RX-8 vehicles. Please see the description, model, year and VIN Ranges below.

**Subject Vehicles:**

Affects 13,891 US and US Territory vehicles:

Model	Subject VIN range	Subject production date range
2006-2007 Mazdaspeed6	JM1 GG**** 61 100056 – 108051 JM1 GG**** 71 108052 – 110746	From August 4, 2005 through June 30, 2007
2009-2011 RX-8	JM1 FE**** 90 400031 – 403405 JM1 FE**** A0 403406 – 404868 JM1 FE**** B0 404869 – 405726	From March 11, 2008 through May 16, 2011

**Concern Outline:**

On Mazdaspeed6 and RX-8 vehicles, improper installation of the fuel pump mounting rings may lead to cracking of the rings, causing fuel leakage. In addition, on RX-8 vehicles, due to insufficient heat resistance at the top side of the fuel tank, the fuel pump mounting rings may deteriorate due to heat exposure from the engine and exhaust pipe which may also lead to cracking of the rings, causing fuel leakage. The subject vehicles with such fuel leakage from the fuel pump mounting rings may result in increased risk of fire in the presence of an ignition source near the vehicle.

**For all subject vehicles:**

Dealers will install new fuel pump mounting rings on Mazdaspeed6 and RX-8 vehicles. In addition, dealers will add a thermal insulation pad to the fuel tank on RX-8 vehicles. There will be no charge for this service to vehicle owners.

**Owner Notification:**

Mazda will notify owners of affected vehicles for this campaign no later than November 20, 2021. Vehicles will display in eMDCS as "Not Launched" today, September 24, 2021. Parts are not available at this time. An updated communication will be sent once parts become available.

**Customer Reimbursement:**

Customers who paid to have repairs completed prior to the launch of this campaign will be able to apply on [www.mazdareimbursement.com](http://www.mazdareimbursement.com) starting November 20, 2021. In order to be reimbursed for prior repairs, a completed repair order and proof of payment will be required to be uploaded with your completed application.

**Important Safety Notice:**

The National Traffic and Motor Vehicle Safety Act prohibits the delivery of any subject vehicle without performing the necessary repair for defects or failures. Failure to perform applicable recalls before delivery can result in extensive dealer fines and penalties from the Federal Government. Therefore, you must complete this recall for all affected vehicles in your inventory prior to delivery.
